

## Contract Performance Management from a Contracting Officer's Perspective

*Are you getting "Exceptional" CPARS ratings on your contracts?*

*Do you know what ratings to expect on all your current contracts?*

Take control of your contract portfolio's health with contract performance management support from a Contracting Officer's perspective. The **GovConRx Contract Wellness Solution** offers greater performance visibility, predictability and oversight. Our solution—

- Supports more accurate and reliable CPARS ratings
- Improves mission outcomes with better government/industry dialogue
- Provides proactive performance management aligned with CPARS
- Enhances working relationships with CORs and COs
- Promotes early course corrections on contract performance
- Allows greater performance visibility for managers

### CPARS Ratings are Critical to your Success

- CPARS ratings increasingly drive award decisions
- Highest CPARS ratings are becoming more essential to keeping and winning new contracts
- Negative CPARS ratings jeopardize future wins and stay on your record for at least 3 years

### The GovConRx Contract Wellness Solution

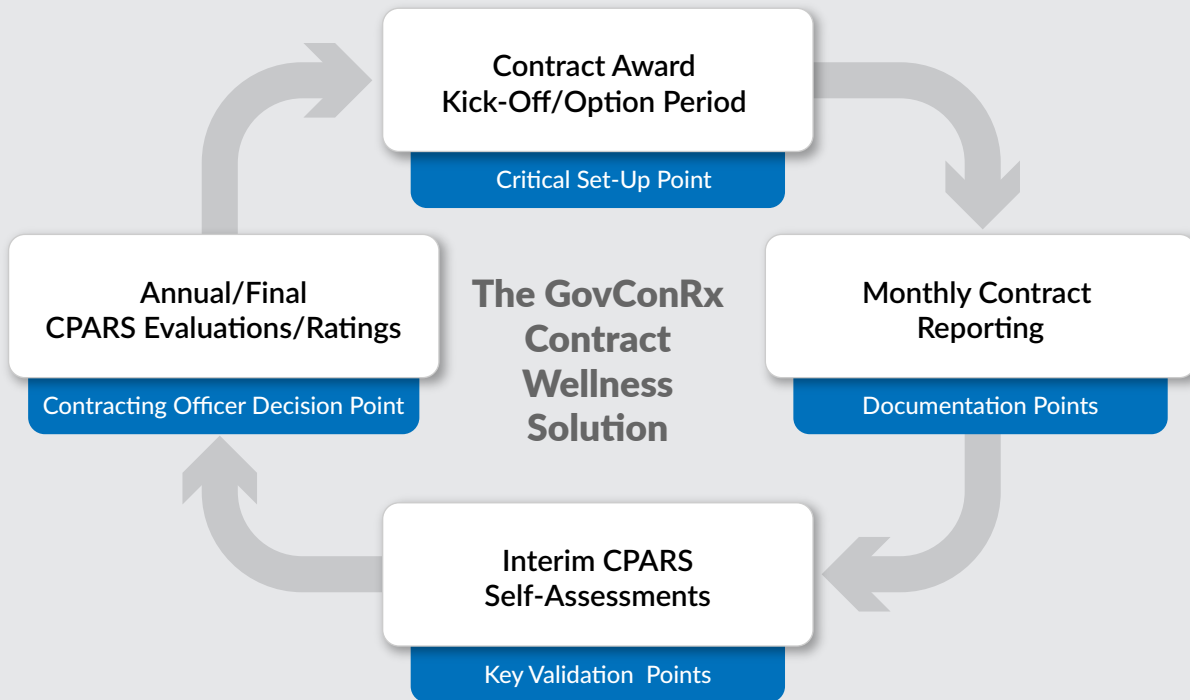

- Full contract lifecycle support to ensure the highest accurate CPARS ratings
- Optional offerings to address immediate contract performance management needs

### The GovConRx Team is Trusted, Experienced and Connected

- Former federal executives, each with 30+ years' individual acquisition, contracting and CPARS experience
- Industry experts with decades of contract, technical and program management skills

# The GovConRx Contract Wellness Solution Supports the Full Contract Lifecycle

Our overall contract wellness approach supports your portfolio throughout the process, promoting long-term contract health
